Summary

Creating and delivering higher-quality visual effects for film and videos. Good knowledge of technology and an artistic approach to solving problems, look development. To work in an atmosphere where I can contribute my skills & also learn things related to my career. I am a fast learner with a good team spirit—an excellent ability to adapt to multicultural environments.

Professional Experiences:

- Senior Compositor at Framestore, Melbourne, Australia.
23/08/2021 – to date.

Role: I am working closely with supervisors to deliver higher-quality imaging. Integration of CG & 2D Elements with Live action plates. Green & Blue screen matte Extractions, Layering of Elements, Camera Projections Look-dev and Colour Grading.

- Lead Compositor at Outpost Bournemouth, UK.
12/04/2021 – 13/08/2021

Role: Worked as a Lead Compositor for a couple of Netflix shows. Responsible for the look of a sequence. Creating templates for Keying, Despill, Grading, and Look development.

- Lead Compositor - Freelance.
05/10/2020 - 16/03/2021.

Role: Lead Compositor.

Worked on a couple of commercial and Netflix projects as a Lead compositor.

Led a sequence in a Netflix show for an LA-based studio. Worked on Blue screen replacement, CG Characters, 2D elements compositing and BG set extension.

- **Compositor at DNEG London.**
06/01/2020 - 30/07/2020.

Role: Digital Compositor

Finished Fast and Furious 9.

Worked on Blue screen replacement, CG vehicles, 2D elements compositing and BG set extension.

- **Compositor at BaseFX Malaysia.**
04/10/2018 - 23/12/2019

Role: Digital compositor.

Worked as a compositor and Look-dev artist. Closely worked with Lead and supervisor—created custom gizmos for Nuke to help the artists.

Films Worked:

The Mandalorian, Star Wars: The Rise Of Skywalker

- **Senior Compositor | Compositing TD at MPC FILM**
03/09/2012 - 15/05/2018

Roles:

Show lead, Sequence lead, Lead compositor, Compositing TD.

Responsibility: Led the shows The Revenant, The Predator. Worked as a Co-lead in Transformers The Last Knight, Wrinkle in times movies.

Responsible for the look of the sequence. Creating templates for Keying, Despill, Grading and Look development. I was driving the team in terms of the creative look and helping the artists by creating new tools and gizmos and working closely with supervisors to deliver higher-quality imaging. Integration of CG & 2D Elements with Live action plates. Green & Blue screen matte Extractions, Layering of Elements, Camera Projections Look-dev and Colour Grading. Resolve the nuke issues across the pipeline. I worked closely with the technology team and contributed to developing new gizmos and tools—delivering tasks associated with the Film compositing process on the deadline.

- **Lead compositor & Compositing TD | at PixStone Images Pvt. Ltd.**
05/05/2012 - 03/08/2012

Role:

Compositing TD, Lead stereographer and Quality controller.

Managed a team of 15 people to deliver stereoscopic imagery. Created custom tools and Python scripts for foundry nuke to improve quality and productivity. Trained people in stereo paint and roto.

- Senior Compositor | at Digital Dreams Post.
02/06/2010 - 03/05/2012

Role:

Worked as visual effects and senior stereo compositor. Keying, tracking, match-moving, integrating CG elements & objects with live action plate, grading and look development. I created some Python custom scripts and gizmos for stereo conversion for Foundry Nuke.
